Two with 150 beds.

Educational

College of Our Lady of the Elms. Number of public schools 21, including 1 high school and 4 junior high schools. Number of parochial schools 8. Number of pupils in public schools 4,618, in parochial schools 2,799. Total number of teachers in public schools 190, in parochial schools 89.

Public Libraries

Five containing 110,000 volumes.

City Statistics

Total street mileage 92 miles, with 50 miles paved. Miles of gas mains, about 103; sewers, 108. Number of water meters, 6,093, light meters 11,434; gas meters, 7,800. Capacity of municipal water works 145 000,000 gallons, a daily average pump of 4,278 356 gallons and with 120 miles of mains. Value of plant estimated at $2,485,869 22. Fire department consists of 78 men and 15 pieces of equipment in 6 station houses. Value of fire department with property is $405,000 Police department consists of 76 men, 6 pieces of motor equipment two way radio system in 2 stations.

History

Chicopee, Massachusetts, was first settled in 1638, the first of the settlers probably being Henry and Japhet Chapin, sons of Deacon Samuel Chapin who was one of the early settlers of Springfield. It was incorporated as a town in 1848 and as a city in 1890. When incorporated as a town, Chicopee had a population of 7,861 and the population of the city according to the Federal Census of 1930 was 43,930. The city has grown continuously and steadily as an industrial community. It has excellent water and electric power facilities and is noted for the skill of its workmen.

Service Institutions—Public utilities in the city are well organized and render efficient and economical service to the citizens. The city has excellent water facilities which are efficiently handled by a municipal water works department. Electric light and power are furnished by the Chicopee Electric Light Department, a municipal institution and its rates both for private and power use are the lowest in the state. The Springfield Gas Light Company furnishes gas at reasonable rates. Transportation facilities are furnished by both the Springfield and Holyoke Street Railways which operate busses on all the main arteries leading to and from the city.

Chicopee is noted for its splendid educational system, the cost of education in the city being almost the lowest in the state. It has a splendid high school, and twenty-four junior high and elementary schools, with seven parochial schools. About 10,000 pupils attend both the public and parochial schools. The College of Our Lady of the Elms, a Catholic institution, is also located in Chicopee. Outstanding in training men and women in modern trade schools for war work. Placing over 2,000 in defense factories in Chicopee and vicinity.

Financial Situation—The city has reduced its bonded indebtedness to $535,500, of which $229,000 is for Water Mains and Filter Plant, and payable exclusively from Water Department Revenues, so that the Net Debt payable from tax levies is $324,500.

In 1944 and 1945 all Tax Anticipation Notes were paid in the same year the loans were negotiated, Chicopee being one of the very few cities in the Commonwealth to accomplish this.

The financial condition of the city is excellent. Barring unforeseen emergencies, it will soon be practically free of debt, with bright prospects for a prosperous future.

Civics and Welfare—The city has a very fine record for health and sanitation. It has two hospitals, one private and the other being municipally owned for the care of infirmary patients.

Westover Field, the largest Airbase in the Northeast area, is permanently located in Chicopee.

"What You Should Know About Your City"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest: then, a sympathy: then a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful: and, finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.

I AM

I sit in the castles of business and at the hearthstones of many homes, mighty in my power to serve.

Through me is the power to make people talk with intelligence concerning their communities.

With extended hand I guide the wearied traveler, and to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make glad the missing heirs.

Through me are protected the law-abiding by tracing the criminal to his hiding place.

Through me, in the friendliest way, new trade channels are opened.

I am the key that unlocks the gate to what your community is, for all who would pass its portals.

I Am Your City Directory

DRIVE YOUR ADVERTISING SHOTS HOME

A thunder of hoofs—a resounding smack—and another shot is driven home. Your ad in the Directory will be just as effective . . . a "thunderous" headline—a "smack" in your copy—and your story is driven home—to the thousands of daily Directory users.

High Hurdles. . . .

In business as well as in sports there are High Hurdles to overcome. Your ad in the Directory, where multitudes will see it, will help to overcome many of the business hurdles.

The welder takes two pieces of rod—welds them together, thus making one complete product. Why not take a tip from the welder—make directory advertising a part of your sales program. Weld the loose ends of production and sales together.

High Hurdles. . . .

In business as well as in sports there are High Hurdles to overcome. Your ad in the Directory, where multitudes will see it, will help to overcome many of the business hurdles.

use **DIRECTORY** *Advertising*

Additional wall maps of the same city when combined with original order are subject to a 10% discount.

We are in a position to furnish quotations on steel containers with spring roller or specially mounted maps on heavy paper board, suitable for map tacks.

Our maps are corrected annually by city engineers also by personal investigation by our canvassers who verify each street and report additions.

CHICOPEE, FAIRVIEW, WILLIMANSETT NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation "r" between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when canvass was made.

Indicates telephone at this number.

"Right odd" after street description indicates odd numbers on right side of street.

The symbol Ⓞ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

Have You a Message for Men?

LET the CITY DIRECTORY carry it home. Enlighten the public as to who you are, where you are and what you have to sell. The City Directory will keep your name before the public all the year 'round. Our copy writers will animate your advertising. And no man well supplied with mental gravity will differ from this: Perpetual Publicity Plus Personality Produces Patronage
